

SAP HR-PDC Connector

TimeLink, a longtime member of the SAP Software Partner Program, offers seamless front-end data collection solutions to SAP clients. A functional component of TimeLink's Synapps platform, the SAP-certified HR-PDC Connector is a standardized R/3 Time Management interface. The Connector enables real-time integration of employee time and work order/cost center data with the SAP Time Management module. The HR-PDC Connector is BAPI-enabled and allows for a high level of flexibility in its implementation.

Benefits of a Certified Connector

- Ensures data integrity
- Speeds integration
- Provides ongoing compatibility with SAP (future-proof)
- SAP lab-tested, field proven
